MEET THE DESIGNER

NIELS
GAM
MELG
AARD

NIELS GAMMELGAARD. Architect MAA Niels Gammelgaard, is educated at the Royal Danish Academy of Fine Arts. Graduated in 1970 as industriel designer.

Before graduating, Niels founded his first architect studio Box 25 architects.

With Pelikan Design, his second studio, he worked with many Scandinavian and European companies, e.g Fritz Hansen, Bent Krogh, Cappellini and Mateo Grassi,

Niels has many years of experience in industriel design, and knows how to make a design comfortable.

"I want to make the ordinary life a little bit more comfortable, a little bit more enjoyable, a little bit more clever with my design. Every little detail, on every product has to fulfill my do good mission."

LADY WING.

MOMENT. Moment actually started from the idea of not making another traditional sofa – but to try a new design based on sound ideas of practicality, comfort and design and of round corners in a square room.

With the new sofa series Moment for Furninova I have worked with 2 main ideas.

I have a moment To sit comfortably in a rounded corner, to sit relaxed to a side or put you legs up like in a chaise lounge. Or why not turn to the person in the other corner and start a conversation; have a moment.

Coffee table on Top The wooden surfaces on the top of the sofa acts as table tops for your coffee or drink, books, remote control, laptop or tablet – what ever you want to keep within a comfortable reach.

The wood on the top of the sofa is matched to its legs, and the wooden details of the armchair. The soft textiles for comfort and the hard wood for function, the feel of the your home will be both colour co-ordinated and beautifully functional.

A black and white photograph of a woman with short, straight hair and bangs, smiling warmly. She is wearing a dark-colored top and a dark scarf. Her right hand is visible, holding the end of the scarf, and she is wearing a ring on her finger. The background is blurred, showing some vertical lines and light areas.

MEET THE DESIGNER

**LENKA
TEILMANN**

AURA HIGH. I wanted to create a really comfortable "high back sofa". Many of our customers requested a sofa that one can lean back in, that really supports your neck and shoulders without foregoing the design of a modern classical sofa. Most of the sofas on the market do not fulfill either one of those requirements, some only one of them. I therefore designed a modern but still classical looking high back sofa - which is both beautiful to look at and very comfortable to sit in. The practical removable seat cushions, high legs and loose back cushions are an added bonus. Aura is very contemporary and will stay in fashion for long time.

LENKA TEILMANN. Graduated in 2001 from Vienna Fashion Institute as a Fashion Designer. Before joining Furninova in 2005 I worked for various furniture companies as a designer.

– 2005 Furninova as Furniture Designer and from 2010 Creative Director and Designer at Furninova.

"I love to create models that are both contemporary and classical at the same time. There is much talk of sustainable design, and what is more sustainable than furniture that lasts without compromising on comfort? Furniture trends may come and go, but great furniture stays.

My designs have to be made for the everyday wear and tear of modern life and still retain their great look and feel. I really want my furniture designs to provide enjoyment and comfort for a long time that is why I strive to create modern classics every time I start the design process."

DIONE is in my view the evolution of the classical rounded back club chair. Dione will effortlessly inhabit many different homes and styles.

COMFORT CI UPHOLSTERY FABRIC/LEATHER LEGS CHROME

A photograph of a bed with a beige headboard. The bed is dressed in white and grey linens. A thick, cream-colored chunky knit blanket is draped over the foot of the bed. On the bed, there are several pillows: two white, two grey, and two dark brown. A dark grey duvet is partially visible. On the right side of the bed, there is a white mug on a saucer, a small red apple, and an open book. The background shows a window with a view of trees.
