

New Mood series

Designed by Michael H. Nielsen, Denmark

The New Mood series includes different tables, coffee tables, sideboards and high boards, which are all available in carefully selected types of wood and laminate colours. Designed by Michael H. Nielsen, the collection was inspired by 50's design, yet the creator has added modern characteristics such as the combination of wood types that are always present in the legs.

Meet the designer

My style is characterized by keeping the focus on the detail and "edge" that separates my designs from the crowd. One of my biggest influences is to register how much diversity there is among people and try to meet the very different needs that it creates. I've always been fascinated by the craftsmanship and the interaction between craftsman and designer. Good design is what gives meaning and value to the people who use it.
