Dvor Sideboard

Product facts

Materials

Solid Oak

Available finishes: White, Natural or Smoked Oak Oil

Technical features

Structural frame

The body of the storage unit, including all interior shelves, is crafted from solid oak. Notably, the back panel of the storage unit and the bottom panels of the drawers are made from high-density fiberboard.

Finish

Opt for one of two plant-based Hardwax oil finishes that beautifully accentuate the wood's inherent charm. The available shades are white and natural oil.

Fronts

The solid oak front panels are equipped with internal wooden stiffeners. These stiffeners help prevent minor dimensional changes in the wood over time, a phenomenon resulting from hygroscopy.

Cleaning

Please see [Product](#) or [Material](#) page on our website.

Notes to consider

Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.

For all additional inquiries regarding Dvor Sideboard please feel free to [contact us](#).

Environmental profile

Sustainable approach

One pivotal aspect of our commitment to sustainability is our firm dedication to sourcing wood only from FSC®-certified forestry. With 85% of GAZZDA products bearing the FSC® label (FSC-C130602), you can be assured of its ethical origin and contribution to preserving our precious forests.
