

# DECO PENDANT

by Kristian Sofus Hansen & Tommy Hyldahl

The Deco collection has its origins in the cylinder wall lamps, found within lobby and entrance halls of 1930s Art Deco buildings.

Deco is a highly minimalistic and simplified lamp design, based on sleek iron profile casing and a cylinder opal glass shade. The translucent glass shade is characterized by a rifled structure, adding a shimmering and decorative detail to the light.

The Deco collection comes in a wall lamp, pendant and chandelier. The pendant features an adjustable steel wire, enabling both vertical and horizontal lamp installations.
