Kulin Coffee Table

Product facts

Materials

Solid Oak

Available finishes: White, Natural or Smoked Oak Oil

Solid Walnut

Available finishes: Natural Oil

Technical features

Body

The Kulin Coffee Table is fully made out of solid wood - Oak or Walnut. The table plate features a rounded edge on both sides, enhancing the overall tactile comfort. The plate has metal stiffeners integrated at the bottom side of the plate to prevent potential warping caused by fluctuations in temperature and humidity, which can affect solid wood furniture over time. The legs are connected to the table plate with a distinctive and striking joint, contributing to the unique aesthetic of this product. Legs are not demountable.

Finish

Available in three plant-based oil finishes (colors), which retain the wood's natural state: White, Natural, and Smoked Oil for the Oak version. For the Walnut version, the finish is available only in Natural Oil.

Assembly time

Assembled product

Care & Maintenance

Please see [Product](#) or [Material](#) page on our website.

Notes to consider

Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

Dimensions (tolerances)

Dimensions are indicative and may vary slightly due to the natural properties of wood, seasonal changes, or manufacturing processes. Deviations are typically within 1 cm.

Environmental profile

Sustainable approach

One pivotal aspect of our commitment to sustainability is our firm dedication to sourcing wood only from FSC®-certified forestry. With 85% of GAZZDA products bearing the FSC® label (FSC-C130602), you can be assured of its ethical origin and contribution to preserving our precious forests.
