LIUKU

Liuku is a contemporary pendant lamp designed by Finnish designer Maija Puoskari. Liuku is consisting of a coloured mouth-blown glass shade nestling over an FSC-certified alder wood base in two different shapes, with long-life LED built in. Liuku's shade is available with clear glass or in three beautiful tones of smoke, gradient violet or deep dark. Additionally, the wooden base can be used on it's own as a single pendant, or to create a rows and clusters for both residential and commercial environments.
