The Donna pendant lamp projects the feeling of a soft pleated textile, although it's actually made from thin, light aluminium.

ABOUT

The Donna pendant lamp projects the feeling of a soft pleated textile, although it's actually made from thin, light aluminium. Its form is inspired by the chic fabrics used in high fashion and the challenges of creating this softness using a hard material instead of a textile. A beautiful and versatile piece with an expressive personality; equally at home in all environments. For larger spaces the Donna Line and Donna Circle can be selected in four, six or eight lamp variants, casting a warm direct light downwards.
