PERMABLOK³®

ADVANCED VINYL PROTECTION

SPRADLING'S 3 IN 1 PROTECTION AGAINST GERMS, ABRASION AND STAINS

PERMABLOK³® from Spradling is a proven vinyl protective coating that's engineered to create a tough, effective barrier against the three biggest problems encountered in healthcare and hospitality environments – germs, abrasion and stains. You can't see it or feel it, yet the protection it offers results in extended performance and lasting beauty with a minimum of care.

PERMABLOK³® is a registered trademark of Spradling Holdings Inc.®

CARE AND CLEANING GUIDE

- The vinyl should be cleaned periodically in order to maintain its appearance and prevent build-up of dirt and contaminants.
- Any stains, spills, or soiling should be cleaned up promptly to prevent the possibility of permanent staining.
- Use soft, soapy solutions or special cleaning products for vinyl fabrics to remove stains on the surface of the material. Remove only with a damp white cloth.
- Lacquers, strong cleaners, wax polishes, abrasives, detergents, xylene-based solutions, acetone, or MEK cause immediate damage and contribute to the deterioration of the material. The use of such cleaners is at the owner's risk.
