HAY

Arcs Trolley

Design by Muller Van Severen

The continuation of a great collaboration between HAY and Belgian designers, Muller Van Severen, Arcs Trolley is the latest product in the series to feature the distinctive, scalloped silhouette.

Driven by the concept that a good object needs to be both technical and poetic, Arcs Trolley balances equal measures of aesthetics and function to offer a broad functional use without losing character in design.

Muller Van Severen

Muller Van Severen was founded in 2011 by Belgian artist duo Fien Muller and Hannes Van Severen. The couple has always been on an inspired quest for sculpturally interesting furniture objects, and their work sits somewhere between design and art, drawing on their passion for architecture and materials. For HAY, Muller Van Severen has designed the Two-Colour Table, Colour Cabinet, the Arcs Lamp Shades, the Arcs Candleholder and Vase.

ARCS TROLLEY

PRODUCT FACT SHEET

ARCS TROLLEY

DESIGN BY MULLER VAN SEVEREN, 2023

Designed by Belgian duo Muller Van Severen, Arcs Trolley is a functional and decorative trolley encased in a unified chain of vertical arcs. A small piece of furniture with a strong presence, the trolley combines industrial techniques with poetic lines to create a distinctive and sculptural expression. The elegant, scalloped frame supports two or three tiers, with slim legs mounted on castors for easy manoeuvring. Made in powder coated steel in different colour options, the trolley is suitable for most rooms and uses in the home, from displaying and storing items in the living room to extra shelving in the kitchen or as a bedside cabinet.

HIGHLIGHTS

- Arcs Trolley is the latest addition to Muller Van Severen's Arcs family of candleholders, vases, mirrors, and lamp shades.
- Shares the same distinctive design featuring a unified chain of arcs as the rest of the products in the series.
- A small piece of furniture with a strong presence suited to a multitude of spaces and storage possibilities.
- The elegant, scalloped frame has a tiered design with slim legs mounted on castors for easy manoeuvring.
- Available in two versions, a trolley with three shelves and a lower one with two shelves.
- Made in powder coated steel in different colour options.
- Not recommended for wet rooms
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
- Suitable for indoor use only.

DIMENSIONS

ARCS TROLLEY LOW
WIDTH 44 CM
LENGTH 63 CM
HEIGHT 53,5 CM

ARCS TROLLEY HIGH
WIDTH 44 CM
LENGTH 63 CM
HEIGHT 88 CM

MATERIALS

TRAYS

3 mm powder coated steel.

CONNECTORS

2 mm powder coated steel tubes.

CASTORS

2 mm powder coated steel tubes. Black plastic wheels for all variants.

CONSTRUCTION

Flat-packed powder coated steel trolley with edge detailing on shelves. Top tray and all leg sections have threaded connections. The middle and bottom trays feature holes for connecting the leg sections. The trolley is assembled by screwing the leg sections into the trays, finished by attaching plastic castor wheels to the base of the leg sections. The castor wheels are standard parts. The product requires assembly by the customer, but can be assembled without any tools. The product comes in two heights and four colours.

Max load per shelf is 10 kg.

Max load in total on Arcs Trolley High is 30 kg | Arcs Trolley Low is 20 kg.

COUNTRY OF ORIGIN

China
