PRODUCT FACT SHEET

HEE LOUNGE CHAIR

DESIGN BY HEE WELLING, 2005

The philosophy behind the Hee Series was to take an archetypal chair and perfect it down to the last detail while cutting the essentials to the bone. The goal was to create a contemporary chair to fit into a wide range of contexts. The attempt was a great success, resulting in the pragmatic and easily decoded Hee series. Like a line drawing, it wraps metres of metal wire into neat, straight lines in three versions: bar stool, lounge chair and dining chair. Stackable and weatherproof, the wide assortment of colours and designs make Hee suitable for numerous indoor and outdoor contexts, such as bars and restaurants, as well as public spaces and home environments.

HIGHLIGHTS

- Part of a multifunctional family of chairs, lounges and stools in a variability of colours.
- The Hee collection features a weatherproof outdoor powder coating.
- The lounge chairs can be linked together in rows for conference use.
- Stackable up to 20 pcs.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
