

Café / Chair Design / Christophe Pillet

Café, designed by Christophe Pillet, is a line of chairs in steel with a contemporary feel and classic references. It has a solid, sturdy construction to guarantee long-term use. The collection demonstrates impressive versatility thanks to chairs, armchairs and stools. The broad colour palette makes it ideal for both outdoor and indoor spaces, at home or in professional settings. The clean, elegant lines mean it can easily be paired with a wide range of tables from different EMU collections.
