

August 2013

Press Release

Tom Dixon.

NEW PRODUCT

Bone

Bone Bowl Large Brass

A sculptural bowl for the table top. Cast in solid brass with a matt finish each bowl is formed into an intricate, curved lattice form. Bearing a bone-like quality, its open structure works as an ideal fruit bowl or unusual table top piece. Designed in London.

Bone Napkin Ring Set Brass

A set of four sculptural napkin rings cast in solid brass with a matt finish. Ideal for entertaining, they also work as a useful stand for chopsticks, making for an unusual addition to the table. Designed in London.

Bone Trivet Brass

A sculptural stand for the table top designed to hold hot pans and plates. Cast in solid brass with a matt finish each stand is shaped into an intricate lattice form. Bearing a bone-like quality, it is cast as one solid piece of brass allowing it to withstand intense heat and weight while remaining an unusual table top piece. Designed in London.

Tom Dixon Accessories:

Designed in London, a collection of extraordinary accessories, gifts and design objects made to be used or played with, treasured or given.
