HAY

# ANNEX TABLE OBLONG

## HIGHLIGHTS

- Part of a universal table collection – designed for every space and situation
- Features a classic oblong tabletop with rounded corners, supported by a frame and tubular legs for a balanced, versatile design
- The frame and tubular legs are made from solid oak or aluminium, sourced from at least 75% recycled post-consumer scrap and extruded in Europe
- Available with Kvadrat's Really Textile Tabletop™ made from end-of-life textiles, as well as linoleum, laminate, and oak veneer
- Designed with circularity in mind, allowing it to be disassembled, with all components replaceable and made from a high percentage of recycled materials
- The table is also available in round, overhang, and flush variants in different, sizes, materials, and colours, with optional integrated cable management available for selected variants
- Suitable for a wide variety of private and public environments

# ANNEX TABLE OBLONG DESIGN BY JOHN TREE

Designed for HAY by John Tree, Annex Table Oblong combines well-balanced proportions with architectural strength, creating a versatile table that seamlessly adapts to any space or situation. The rectangular design comprises a frame and tubular legs made from solid oak or aluminium, sourced from at least 75% recycled post-consumer scrap and extruded in Europe, combined with a variety of tabletop options, including Kvadrat's Really Textile Tabletop™ made from 70% end-of-life textiles. The table's considered use of materials and range of sizes make it a practical and inviting choice for most domestic settings – ideal for dining, working, and socialising.

British John Tree is a London-based product and furniture designer. He opened his own office in 2016, pushing and exploring industrial processes to create contract and domestic furniture, lighting, accessories, and electronics. His work has been featured in numerous international publications and has earned several prestigious design awards. For HAY, John Tree has designed the Apex and Cupola Lamp collections, and Annex Table.

Weight 25,7 kg

### ANNEX TABLE OBLONG

Length 240 cm  
Width 95 cm  
Height 75 cm  
Weight 26,3 kg

## MATERIALS

### TABLETOP

Available in Really Textile Tabletop™, oak veneer, linoleum, or laminate

### REALLY TABLETOP

Kvadrat's Really Textile Tabletop™ is a high-density engineered material made from 70% end-of-life textiles (primarily cotton) and 30% waste binder. Pre-coated with a protective transparent melamine layer on both sides, it is highly resistant to wear and tear and compliant with the highest standards in the furniture industry. Produced locally in Denmark, the tabletop supports circular design principles and is fully recyclable

### APRONS & LEGS

The frame and tubular legs are made from solid oak or aluminium. The aluminium is sourced from at least 75% recycled post-consumer scrap and extruded in Europe. Powder coated or water-based lacquered finish

### CORNERS

Extruded aluminium, sourced from at least 75% recycled post-consumer scrap and extruded in Europe. Black and natural aluminium in anodised finish. Other colours in powder coated finish

### GLIDERES

Adjustable gliders in nylon

## SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC™-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
