# Karl-Johan Pendant Lamp

*Signe Hytte*

The Karl-Johan pendant lamp focuses on the soft yet distinct silhouette of its predecessor. The material combinations of the table and wall lamp have been removed, allowing the rounded glass form to shine brightest. A compact LED light source bounces light around the globe's interior, creating a volume free of visual interference. The latest Karl-Johan family member has all the required ingredients, and nothing more.

## *Materials*

Shade in mouth blown opal or smoked glass with black powder coated steel fitting included dimmable LED light source and black PVC cord.

## *Dimensions*

Small - H 140 x Ø 230 mm

Large - H 240 x Ø 400 mm

## *About the designer*

Signe is a young Danish designer. She grew up among Scandinavian design icons, and that heritage serves as a foundation for her work, where she also aims to spice things up with inspiration from other places in the world.

Simplicity is of course a core theme for Signe, when you think of her background, but attention to details is just as important for her.

## *About New Works*

New Works presents a collection at the intersection between old and new. Light and dark. Design and art. Our work pays homage to the strong Scandinavian history of craftsmanship and materiality, whilst challenging the contemporary forms of today. We collaborate with an international group of renowned designers and artists, who display a matching fascination with sculptural forms and honest materials. These collaborative pursuits convey our love of the sensual, and of the bold.
