

# Clarissa

Clarissa offers you the ultimate lounge feeling. And room for the family. The large proportions ensure multiple seating positions and it looks very stylish at the same time. Clarissa is a modular system with many different modular options. You can choose between two different back comforts. One with fibre balls and one with a feather-foam mix. The seats are made with a foam core, wrapped with a featherfoam mix to create premium seating comfort. You can further combine fabrics and leather.
