

Piro series

Designed by Michael H. Nielsen, Denmark

Piro is designed with the aspiration to create the perfect gathering place for family and friends, crafted from high-quality material – solid marble, travertine, and oak veneer. Combining elegance and functionality, the Piro Coffee Table shares the same characteristics as the Piro Dining Table and is also FSC™-certified. The carefully selected wood highlights unique grain patterns, lending the design a serene and timeless appeal. Following classic design principles, the conical column firmly rests on the floor with a substantial marble base, visually anchoring the table for stability and calm.

Meet the designer

My style is characterized by keeping the focus on the detail and "edge" that separates my designs from the crowd. One of my biggest influences is to register how much diversity there is among people and try to meet the very different needs that it creates. I've always been fascinated by the craftsmanship and the interaction between craftsman and designer. Good design is what gives meaning and value to the people who use it.

Sand Travertine	22.80 kg	5543388	The parcel's measurements 1: 0.02 m3, 5.0 kg (D 62.0 cm, W 62.0 cm, H 4.0 cm)) The parcel's measurements 2: 0.04 m3, 21.0 kg (D 32.0 cm, W 32.0 cm, H 37.2 cm))		

Test and certifications

FSC™ C165134 (Forest Stewardship Council) is an international organisation that advocates for responsible management of the world's forests. FSC-labelled products contain wood materials from forests that meet strict environmental, social and economic standards, helping to protect biodiversity, ecosystems and local communities.

EN 15372 - L2: General use:Furniture. Strength, durability and safety. Requirements for non-domestic tables

Tested according to the Toxic Substances Control Act - TSCA Title VI - to ensure wood-based materials do not emit excessive amounts of formaldehyde, and that they comply with permitted limits.
