The story of AYTМ

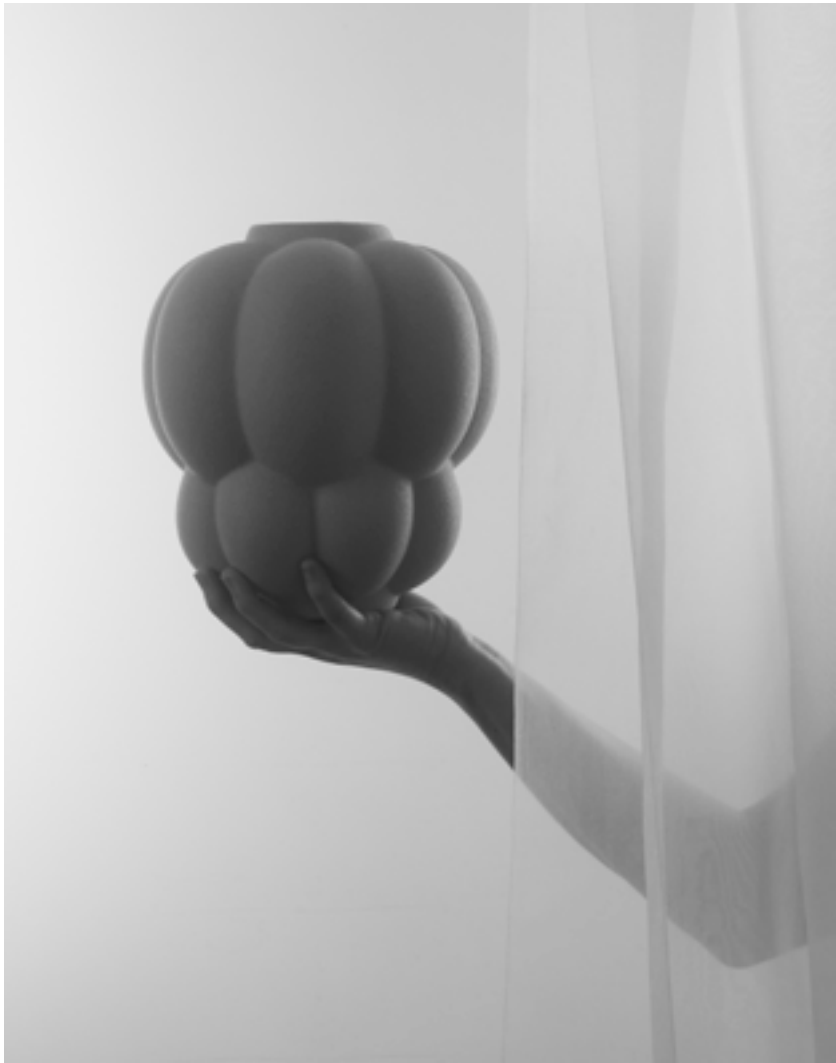

AYTМ brand by Kathrine and Per Gran Hartvigsen.

The story of AYTМ begins in 2015 in Aarhus, the City of Smiles. The creators behind the brand is the couple Kathrine and Per Gran Hartvigsen who has successfully run the company Gran Living ApS since 2004. AYTМ is a part of Gran Living as its own signature brand.

The name is a wordplay of the word »item« and is pronounced exactly as such, where the logo is a visual and simple fusion of the letters A-Y-T-M.

Since 2015, we have been members of the UN Global Compact and are working with the 10 principles on human rights, labour rights, environmental protection and of course anti-corruption. With a strong sense of respect and responsibility for our planet and fellow human beings, we want to contribute to responsible development wherever we can.

This is why we participate in the Amfori Business Social Compliance Initiative (BSCI). BSCI monitors our supply chain and ensures social compliance such as decent working hours, fair pay, health- and safety standards – and guarantees that no child labour or discrimination takes place in our supply chain.

The product production

Strong partnerships *and excellent craftsmanship.*

At AYTM, we rely on strong partnerships in order to produce high-quality products in cooperation with highly skilled and experienced manufactures. We believe that excellent craftsmanship is just as important as quality in design and in the selection of materials.

Many of our products involve manual processes or are handmade, which demand special skills and expertise. Our manufactures are therefore important partners and we always seek specialized manufacturers to achieve the best quality for both our products and packaging.

The AYTМ design team

The art of designing *with AYTМ design team.*

Every design and collection we have created is the product of unique skills and close collaboration. Our in-house design team of great creative minds, who each bring their own indispensable talents to the table, work closely together to achieve original and inspiring products in the best quality and high standards of AYTМ.

It is truly a team effort that is visible in all of our collaborations. In addition to the designs created by the AYTМ design team, we also work with external talented designers, who have brought their own touch to the AYTМ collections and much like our own design team, these designers are engaged in the creation and art of designing.

Made to Last *collection*

In the City of Smiles, where you can stroll through a rainbow, relax on the beach with sand between your toes and explore the raw nature of the woods and parks, is where the tale of AYTM begins. Aarhus is truly a charming place and you can feel the “hygge” and diversity everywhere you go. AYTM is a part of this cultural heritage and we are proud to be located by the harbour in the wonderful City of Smiles.

As Aarhus evolve so does AYTM and our collection is the results of the ever-changing world and interior design trends. With this, storytelling becomes an important part of our design process, as the writing highlights each unique item and makes them come alive with personality and character.

AYTM offers more than just a collection of products. We offer a tale for every item, sprinkled with a little AYTM magic, to form an understanding of the design language, materials and our entire AYTM brand.
