MAX HUGES
x
SELETTI

## Will you ACCEPT or AXCEPT your enemies?

Iconic and pop to the core, Max Huges' axe is an object
with a strong aesthetic value and a surrealistic nature.
In tune to its visual impact, the pun in the title enriches the art piece
with a subtle and ambivalent meaning, transforming a bare linguistic
divertissement in a real ontological nonsense: just like a modern Sybil,
the artist lets the beholders and their mood interpret the sentence
**"Axcept your enemies". Don't kill the messenger.**
