2023/2024

Tender Tactility

We present an homage to the wondrous realm of childhood, a space of unfettered play, creativity and tranquility. With a palette of gentle, neutral tones, our Kids collection embraces the elegance of simplicity, employing natural and tactile materials to craft pieces that are not only visually pleasing but also invite the young ones to embark on imaginative journeys.

In these new designs, aesthetics and exploration intertwine. Each piece, thoughtfully created to resonate with young minds, holds the promise of endless possibilities for play while harmonising with the aesthetics of your living space. As parents, we recognize the importance of surroundings that nurture growth and joy, and our collection is crafted to be an essential part of these formative years.

Indulge in tactile textures, embrace soothing colours and witness as your child's creativity takes flight. Tender Tactility isn't just a collection; it's an invitation to weave stories, create memories and celebrate the beauty of childhood.
