## UPHOLSTERY

### LEATHERS

Nicoline selects only high quality leathers. The excellent quality of the finished leather is the result of the combination between the original properties of natural hides and the most advanced tanning and finishing processes. Each tanned hide has its own history, shown by the natural marks on it. Scars, wrinkles, insect bites, differences in texture and colour, veins and any other sign left on the coat tell animal's life and prove their authenticity and great value.

### FABRICS

Carefully chosen among the most prestigious textile companies, woven and microfiber fabrics are selected for their practicality and aesthetical value. Their trouble-free use and care and the wide assortment of colours, patterns, weights etc. make them fit attractively into any context.

The fabrics used for the models with fully or semi-removable coverings have been selected to keep their look even after many washes when cleaning, care and maintenance instructions are followed.

### WASHING INSTRUCTIONS

To ensure correct maintenance, please follow the instructions with the international cleaning symbols on the label that is sewn inside of the right hand facing seat cushion. Please refer to the Product & Maintenance Card booklet supplied with the sofa for the explanation of the symbols from the label.

### MODELS WITH FULLY REMOVABLE COVERINGS

Frame, seat, back and arm cushions coverings are removable.

### MODELS WITH SEMI-REMOVABLE COVERINGS

Seat, back and arm cushions coverings are removable.

### MODELS WITH NON-REMOVABLE COVERINGS

Non-removable coverings except where specified.

## WARRANTY

Nicoline products are covered, under normal conditions and starting from the date of invoice:

- **TEN (10) YEARS** for the internal frame construction
- **TWO (2) YEARS** for the cushioning, mattresses and recliner mechanisms, stitching, manual and/or electric mechanisms, suspension system (webbing), fabric coverings and leather coverings against tearing and splitting.

After the first year from the date of purchase, this warranty covers only parts and materials for repair and does not cover labour, transport, packaging, customs charges, insurance and accessory costs.

This warranty does not cover:

- defects not directly due to Nicoline, due to improper use of the products, incorrect maintenance, repair or modification by the Customer or by third parties on its behalf, without prior authorization by Nicoline.
- defects resulting from the normal deterioration of the use of the product (such as change in the grain and shade of the covering, cracking of the leather, light/dark effect and "imprint" of the velvets).

Please note that softening of the cushioning is a consequence of normal use of the product, and should not be confused with a loss of texture due to manufacturing errors or poor product quality.

## COMPLAINTS

Any discrepancies must be promptly notified to Nicoline. Apparent defects shall be reported in writing to the carrier at the time of delivery, with an express indication on the accompanying document of "acceptance with reservation", and notified in writing by e-mail to the sales office within 2(two) days of receipt. Hidden defects, on the other hand, must be notified within 7(seven) days of receipt of the goods, indicating the problem and correlating the complaint with appropriate photographic documentation and references to delivery documents and/or invoice. Complaints cannot give rise to the suspension of payments.

Nicoline reserves the right to accept or reject the complaint. For this reason, a complete or partial return of the goods may be required to conduct an internal quality inspection. If the product is found to be non-conforming, the company will repair or replace the product at its own discretion.

Returns of goods purchased will not be accepted unless previously authorized by Nicoline, and in free port.

## GENERAL CONDITIONS OF SALES

1. Prices shall be expressed in Euro, exclusive of VAT and are based on an EX-WORKS delivery.
2. Payments shall respect the agreed terms. Payment orders or bill of exchange free of charge are not accepted. In case of late payment Nicoline shall be entitled to suspend its obligations **and put on hold all of the orders in portfolio** and apply interests at a legal rate.
3. The transport is at the Buyer's risk, even in case of prepaid delivered freight. Home deliveries are not accepted and the handling expenses shall be borne by Buyer.
4. **Orders will be shipped starting from the 5<sup>th</sup> week from the moment of production release confirmation. All the orders must be confirmed with a "Confirmed" sent via e-mail.**
5. Requests for additional price lists, technical and/or photographic documentation must be sent via email.
6. In the event of failure to place new orders in a period exceeding six months, all sales tools such as catalogues, fabrics and leathers samples, etc. may be claimed.
7. **Modular compositions and the position of reclining mechanism or other special features must be indicated and ordered facing the sofa. A detailed prospectus with versions and dimensions must be provided.**
8. Whenever purchased, elements with electric components (such as lamps, sound system, motions, reclining mechanism) will respect European standard voltage (220/230 V), unless differently requested.
9. Nicoline reserves the right to increase the prices with the obligation of giving 30 days prior notice in writing.

## LEGAL NOTICE

The content of this price list, including the text, illustrations and graphics are Nicoline Salotti Srl's exclusive property or belong to it under a different head.

Reproduction, publication or distribution of any part of the material herein, including trademarks, is expressly forbidden. Offenders will be prosecuted under the existing legislation.

## NOTES

1. The colour of covering samples is merely guideline. Variations in shade may occur.
2. Our fabrics are selected among the best ones to keep their aesthetic features unchanged even after many washes (for removable covering), provided that all cleaning and maintaining instructions are respected. The cleaning and maintaining information can be found in the fabric samples, in the booklet sent with every sofa set, sewed inside the RHF seat cushion (or sewed under the frame in case of combination of different fabrics). Different washing procedures are customer's responsibility.
3. Nicoline Salotti reserves the right to make changes to its products without any notice, in order to improve functional or aesthetic features, or to end completely the production of some models without this giving rise to a claim for compensation.
4. Before ordering a CUSTOM set, a request must be sent by e-mail to Nicoline's technical department. When accepted, an acknowledgment will be sent, showing the total price, including the upcharge for the customization. Production time might exceed the standard production time. No promotional price can be applied in case of customized orders. No claim will be accepted for potential problems caused by the customization.
5. Our big selection of fabrics and leathers allows to combine, on the same element, more than one covering, and even to combine leather and fabric. This requires a special attention and extra work. For this reason, an upcharge will be applied on combined coverings as follows.
  - **In case of combination of two leathers or two fabrics belonging to the same price range, upcharge will be applied as per technical notes for each model.**
  - **In case of combination of two fabrics or two leathers with a different grade or a leather and a fabric please calculate the average of the two prices and then add the upcharge indicated in the notes for each model.**

Example: Price in Cat. 2000 + Price in Cat. C, divided by two. Then finally add the % of upcharge mentioned in the notes of the model.
6. For technical and structural reasons it is not recommended to select a striped or patterned fabric on certain models because of possible mismatches. Therefore, in this case you are kindly requested to check with us before confirming the order to the final customer.
7. Modular elements can have: sectional side finished as standard, sectional side finished with an upcharge or no sectional side finished. Please check the price list for details and upcharges.
8. In the price list, each model is provided with technical features, dimensions and notes.  
All dimensions may have an allowance up to 4%.  
Fire-retardant padding entails 5% upcharge.
9. Some optional features are available only for some elements belonging to the same model. Price might change depending on the version. The upcharge is listed in the price list under each version.
10. It is not recommended to upholster sofas with a fabric weighing less than 350 gr / sq. meter.  
Please check fabric labels to verify the weight.
11. Some coverings (depending on the model) may not be stretched, may have creases and this would not be a manufacturing defect, but a stylistic feature of a product with that kind of covering.
12. In case of customer own covering, it is necessary to provide a photo of the chosen covering via email before sending the fabric to the factory.  
The required quantity of fabric listed in the price list may not be enough for patterned fabrics and it cannot be applied to customer own leather. Therefore, please contact Customer service for indications.

**13.** Taking into consideration the specificity of the fabrics, Nicoline reserves the right to arrange the quantity and location of the seams without communicating it when dealing with the same models and elements in leather coverings.
