GRAND CRU

# 25-year anniversary

Some things never go out of fashion.  
Like bringing joy to the people we love with a  
meal that is just as wonderful as they are.  
Or the close conversations and memorable  
moments that take place when family and  
friends gather around a well-laid table.  
Or elegant designer classics that just do  
what they're supposed to, making even the  
greyest of days more beautiful.

For 25 years, Grand Cru has been the setting  
for our meals – both everyday and festive –  
with its clean lines and discreet grooves that  
make it easy to harmoniously set a table  
and ensure that all the attention is drawn  
to what life is really all about: enjoying both  
chaotic and quiet moments, and celebrating  
that we are always here for each other.

GRAND CRU

# Anniversary candleholder

Inspired by a single winestopper created in 1993, today's Grand Cru series has developed into a complete universe of products for the table and the kitchen.

And, in 2018, the series celebrates its 25-year anniversary as a design icon.

The anniversary will be remembered with a special candleholder that is both elegantly simple and exclusive, while characteristic Grand Cru facets make for beautiful ornamentation and a delicate play of light on its shiny surface.

# Dinner set

The design of Grand Cru series porcelain won't steal all the attention from the food, but creates a simple setting in which to present it.

And the many components of the series make it possible to create the most beautiful and inviting tables.

# Glasses

Thanks to its simple design in glass encircled by a steel band, the classic Grand Cru carafe has become world-renowned. In addition to the beautiful carafe, the series also offers a wide variety of glasses. They're robust and easy to stack in the cupboard – and they can also be used for serving small starters or salads, for example.

# Coffee & Tea

Mugs and cups from Grand Cru are created with clean lines that beautifully complement all types of table settings. Add to the enjoyment with a thermos jug that is both decorative and keeps things invitingly hot. Its push-button function lets a minimum of warmth escape during serving, and the double-layered glass insert improves insulation.

# Oven-safe dishes

The oven-safe dishes are designed to ease the process from food preparation to serving and to storing leftovers. The glass dishes are designed to be taken directly from oven to table. The series also features holders to protect your fingers from burns, and the lids make it possible to move leftovers directly from the table to your fridge.
