price information

EN

Price codes are used in the catalogue, which lets you show the catalogue to your customers without them seeing your purchase prices. In order to read a price code, remove the first 2 and the last 2 digits in the code.

DK

I kataloget anvendes priskoder, så du kan vise kataloget til dine kunder, uden de kan se varens indkøbspris. For at læse en priskode skal du fjerne de 2 første og de 2 sidste tal i koden.

DE

Anstelle der Preise wurden im Katalog Preiscodes verwendet. So können Sie den Katalog auch Ihren Kunden zeigen, ohne dass diese Ihren Einkaufspreis sehen. Um einen Preiscode zu lesen, lassen Sie bitte sowohl die ersten beiden als auch die letzten beiden Ziffern des Codes weg.

FR

Les codes prix ont été utilisés dans le catalogue à la place des prix. Ce qui signifie que vous pouvez montrer le catalogue à vos clients sans qu'ils puissent voir votre prix d'achat. Pour lire un code de prix, retirez les deux premiers et les deux derniers chiffres du code.
