

Patio series

Designed by Anna Karnov & Clara Mahler, Denmark

Designed to elevate your outdoor experience with Scandinavian-inspired design, the Patio outdoor series embraces high-quality materials and comfort. Crafted from solid, FSC™-certified teak, renowned for its durability and warm aesthetics, the teak will naturally develop a gray patina over time if left untreated, giving it a weathered look. To maintain its rich golden-brown color, regular oiling is recommended. For ultimate comfort, enhance your outdoor experience with our matching cushion series, Patio cushions. Showcasing honest construction and thoughtful design, the series invites appreciation from every angle while encouraging you to create memorable moments in your outdoor space.

Meet the designer

The Danish design duo, Anna Karnov and Clara Mahler, are driven by the creation of a cohesion and connection between their products and the user. Their designs need to be long-lasting as well as being flexible in terms of function and aesthetics. Among other things, the designer duo use the subtlety and ephemerality of time as an element in their design process and as a sustainable and timeless parameter in the end product. That's why they use materials that age gracefully and don't allow themselves to be inspired by fleeting trends. They want their designs to stand the test of time and be able to tell their own story. And this is the idea behind every single design that comes from the hand of the design duo.
