

UNBEATEN WAIST PENDANT LED

The Beat lights marked one of our earliest successes, featuring hand-hammered brass and an unexpected blend of craft detailing. Fast forward 20 years, and despite their enduring popularity, they have become one of the most widely imitated products. Determined to combat these imitations, we embarked on a novel initiative. Introducing Unbeaten, made by skilled artisans in the same factory in India as our much-loved Beat collection, with the difference being Unbeaten is made using machine tools and not hand-beaten, using premium aluminium.
